UAVによる定点写真 撮影位置図(令和3年6月25日)
(森山拡幅)

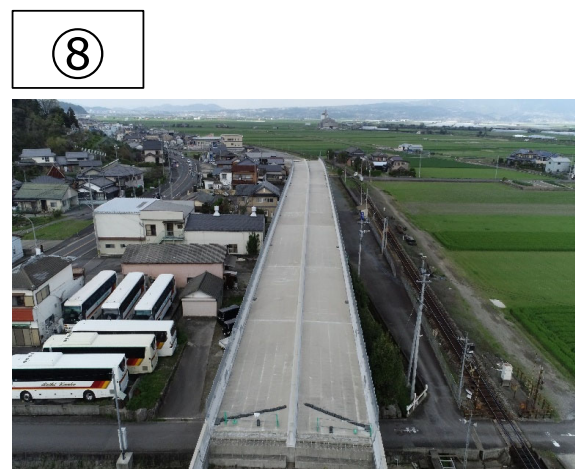

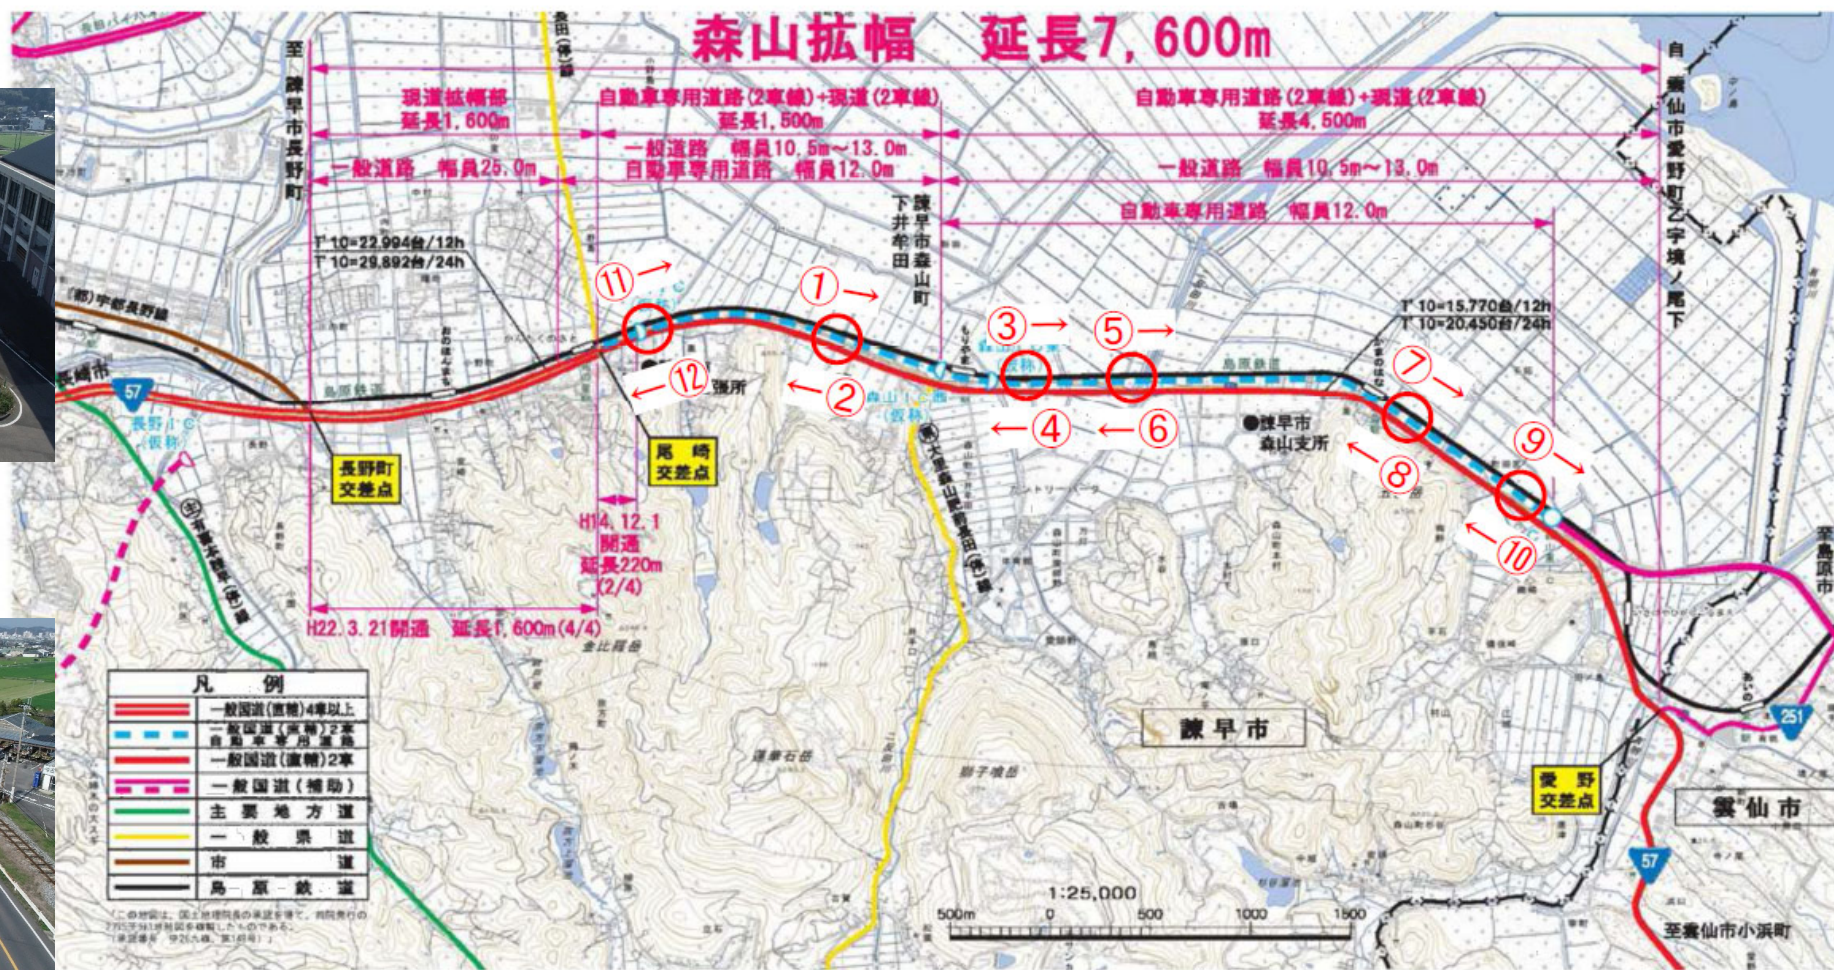

An aerial photograph showing a long, straight concrete viaduct spanning a wide body of water. To the left of the viaduct, a railway line with multiple tracks runs parallel. The surrounding landscape includes green fields, some flooded areas, and a small town or village on the right side. The bridge extends towards a distant shoreline with hills.

An aerial photograph showing a highway interchange under construction. A multi-lane highway runs diagonally from the bottom left towards the top center. Several vehicles, including a white truck, a dark car, and a white van, are visible on the road. To the right of the highway, a large area of land is being cleared and graded, with a yellow excavator and a white truck working on it. A curved road or ramp is visible on the right side of the construction area. In the background, there are residential buildings, a parking lot, and a body of water. The overall scene depicts a major infrastructure project in progress.

An aerial photograph showing the Nagasaki Bay Bridge under construction. The bridge deck is visible, supported by large concrete piers. A blue crane is positioned on the bridge deck. The surrounding area includes a body of water, a road with traffic, and a residential area in the background.
